AI Matter Intelligence Dashboard

AI Matter Intelligence · https://disclosureready.us.legalready.ai/knowledge/ai-matter-intelligence-dashboard/

The AI Dashboard available when Matter Intelligence is enabled for a matter provides an AI-generated overview of the matter, including summaries, activity tracking, and document intelligence.

Before you begin

The AI Matter Intelligence Dashboard is only available when:

- AI features are enabled for your account
- Matter Intelligence is enabled for the matter

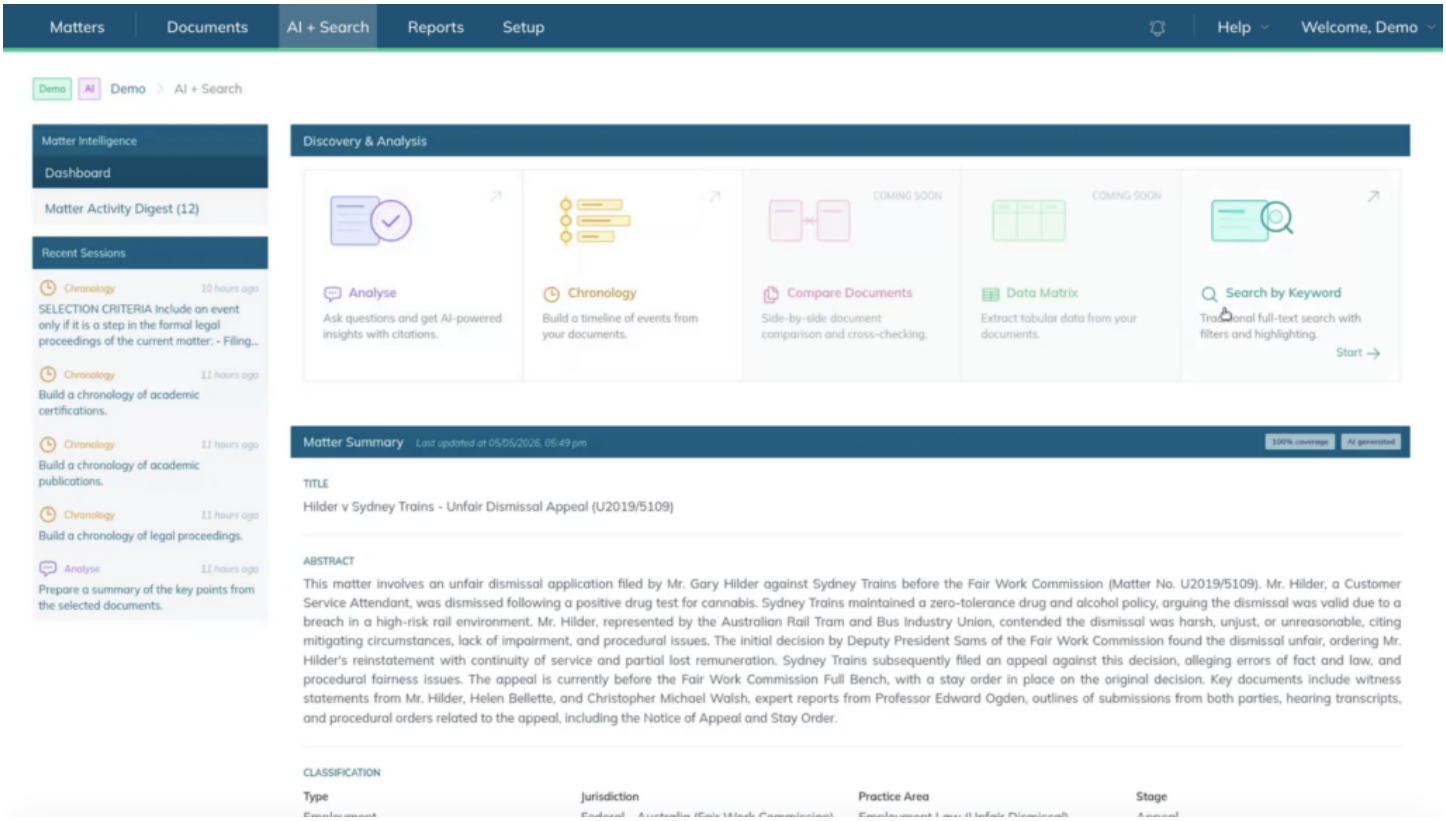

For organisation-managed accounts, your organisation administrator must also enable AI access.

To learn how to enable AI in your account, refer to this article.

Accessing the AI Matter Intelligence Dashboard

1. Open a matter with Matter Intelligence enabled.
2. Navigate to the **AI + Search** section.

The AI Matter Intelligence Dashboard provides a high-level overview of the matter and its recent activity.

Matter Summary

The Matter Summary section provides an AI-generated overview of the matter.

This summary may include:

- matter background
- key participants
- classifications
- jurisdictions
- practice areas
- procedural stages
- document structure summaries

The summary updates iteratively as additional documents are processed.

Discovery and Analysis Tools

The dashboard includes AI-powered analysis tools designed to assist with matter review and document analysis.

Available tools may include:

- Analyse
- Chronology
- Search by Keyword
- Compare Documents (coming soon)
- Data Matrix (coming soon)

Session History

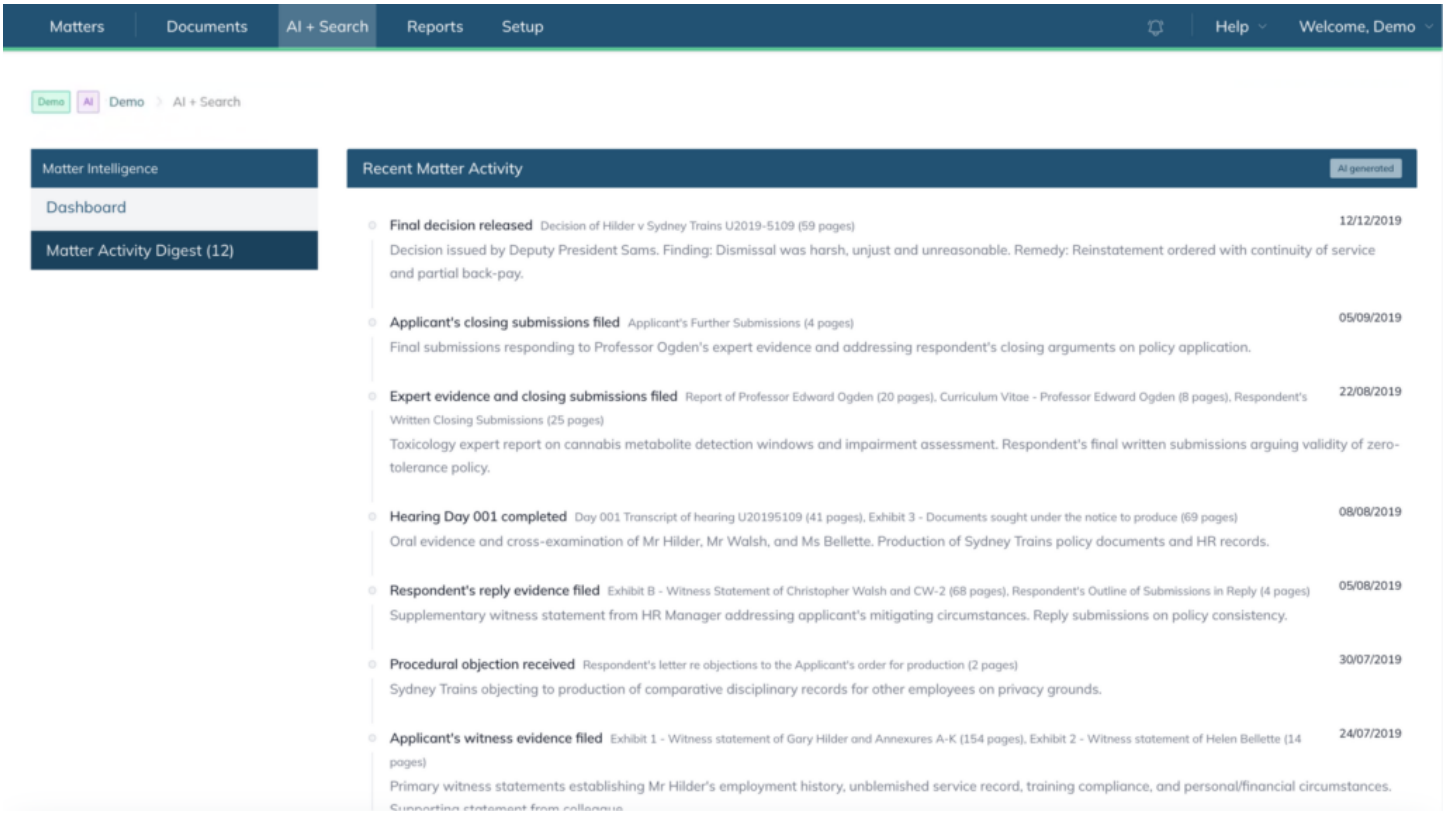

The Recent Sessions panel provides an AI activity history to track previous AI-generated outputs and actions.

This includes recent AI interactions like chronology requests and analysis sessions.

Matter Activity Digest

The dashboard also records recent activity associated with the matter, including:

- Applicant's submissions filed
- Respondent's submissions filed
- Witness evidence filed
- Objections filed
- Final decision released
